DETAILED ACTION

Claims 2-13, 16 and 19-26 are pending in this application.

Information Disclosure Statement

1. The information disclosure statement (IDS) submitted on May 3, 2005 was noted and the submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the examiner has considered the information disclosure statement.

Action Summary

2. The rejection of claims 2-4, 11-13, 16, 19, 20 and 25 under 35 U.S.C. 102(b) as being anticipated by Buchalter is being maintained for the reasons stated in the previous office action.

Response to Arguments

3. Applicant's arguments filed January 20, 2005 have been fully considered but they are not persuasive.

Applicants argue that the prior art reference does not disclose the claimed invention. Applicants argue that the prior art reference of Buchalter states that the oil phase is a "non-oily, non-tacky solid". Applicant in claim 2, states that the composition has an oil phase, nowhere in the claim does it disclose the physical nature of the oil phase. Therefore, since the prior art disclose the composition having an oil phase, then any physical structure of the oil phase would meet the limitation. Applicant also argues

Art Unit: 1616

that the cream that is formed is not intended, nor does it appear to be, impregnated into the article. Examiner agrees, however, it was not disclosed that the cream itself was impregnated in the article, but rather the oil phase is imbedded in the article. The cream is formed after the oil phase is in contact with water or perspiration. Therefore, it is the position of the examiner that the prior art discloses the claimed invention.

Conclusion

4. Claims 2-4, 11-13, 16, 19, 20 and 25 remain rejected.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
